Logistique support Mini Soccer Festival

Logistique Sports Management Consultants have recently committed sponsorship to support the Salford Mini Soccer Festival, set to be the country's biggest stand-alone mini soccer extravaganza with up to 300 teams taking part.

Teams from all over the North West will be heading for the Littleton Road complex on Saturday 5th and Sunday 6th August. Age groups are under-7 to under-10 with a separate girls-only section for under-10 and under-12 teams.

This truly unique competition concentrates solely on youth football and has an ethos far removed from other tournaments organised in the North West - the fair play ethos meaning that there is no overall winner.

Fair play markings are awarded by match referees bringing football back to its roots with the main objectives being enjoyment and respecting the game and its players.

In addition to Logistique's sponsorship, the festival has attracted a number of sponsorship deals from both local and national companies and the next 2 years see it becoming even bigger! In 2007 it will attract teams from throughout the country, and in 2008 from around the world!

Speaking about their sponsorship of the festival, Stephen Brown, Director of Logistique said: "We are pleased to support such a fantastic grass roots football extravaganza. We have been fortunate to see from close proximity the previous success of The Salford Mini Soccer Festival which has evolved from the Manchester FA Mini Soccer Festival, and we can only see it continuing to flourish".

Clubs interested in taking part can download application details from a specially designed website at www.salfordminisoccerfestival.co.uk or telephone Manchester FA on 0161 604 7620 to receive a festival pack

Jon raises over £400 for cancer research uk

Logistique's joint director Jon Dutton has recently completed the arduous task of the 26 miles of the Amsterdam Marathon. Jon managed to complete his first and maybe last marathon in 4 hours and 25 minutes in extremely cold weather. Jon was running for Cancer Research UK and has so far raised over £450.

Jon would like to thank everyone for their generous support and donations. Anyone still wishing to make a donation can do so on line. If you wish to pledge your support please click the link below.

england return to manchester

logistique commissioned to undertake the event management of the partially sighted quad nations football tournament

The Quad Nations event comes to Manchester for the second time in december and follows the successful staging of the Partially Sighted World Championships held in 2004.

Last years holders and World Championship bronze medallists Spain face the hosts, England, Republic of Ireland and Italy over a four day period at the National Cycling Centre in Eastland's, Manchester from 19 to 22 December.

spain edge out lions

the final of the partially sighted quad nations ends in a dramatic climax with spain winning 4-3

England should take pride from a nail biting final at the Partially Sighted Quad Nations Tournament in Manchester that ended with honours going to the Spanish. It was a game worthy of a final and it showcased the true quality of these two international teams. With only seven minutes left to play, both teams were pushing for the winning score and it was Luis Granizo who broke the deadlock and got his second of the evening from a well-worked move that would have beaten most defences. Once again the Spanish had the lead.

Content to slow the game down the Spanish kept position and were reluctant to push forward. With the seconds counting down England mounted their final attacks but were unable to find a way through.
