

## **Heywood nets further investment**

Woodland Primary School in Heywood, Rochdale are celebrating after the successful award of Football Foundation funding worth £20,000 as part of a project to extend the community facilities available on the school site.

The project has been led by Logistique over the last two years and it has involved preparing and submitting all of the funding documentation and liaison with project partners, funders and the design team.

Specifically the funding will see the refurbishment of an existing hard surface multi use games area being replaced by a state of the art third generation artificial turf surface complete with floodlights.

A variety of local community partners have already signed up to use the facility including Heywood Rangers JFC, Heywood St James FC, Rochdale Community Sports Trust and RoFTRA. The new facility will also provide open access play opportunities for local youngsters.

Project Manager, Philip Heap stated that "It has been a long time in the making but finally Woodland Primary School have been successful in obtaining a grant to develop and transform part of their outdoor space into a community hub"

"The project has tangible links to the £10m Heywood Sports Culture and Leisure Village and is yet another fillip for the residents for Heywood".
